REPORT OF PUBLIC HEALTH NURSE

**Maine Department of Health and Welfare
Division of Public Health Nursing, Bureau of Health
Annual Report of Public Health Nursing Services in
Troy in the Year 1969**

Your public health nurse, a member of the staff of the Division of Public Health Nursing, submits her report of nursing services provided in Troy for this year. She has endeavored to fulfill the purposes of public health nursing. These purposes are: the promotion of health; the prevention of disease; the provision of nursing services to the sick at home, including restorative and rehabilitative nursing.

The activities your public health nurse participated in to achieve these purposes were: one hundred fourteen home visits and fourteen conferences with physicians and hospital personnel for supportive service, for health promotion, and nursing care given under the supervision of a physician; child health conferences, held on a regional basis in Unity, for medical and nursing supervision of well pre-school children, the prevention of disease by immunization and the detection of disease: and the school health program for continuing health care. She assisted the families and private physicians to obtain specialized care and found necessary as a result of all examinations.

The school health program consisted of: fifteen conferences between nurse and school personnel regard-

ing the general health program and the physical and emotional health of individual children; three clinics for physical examinations of twenty children of selected grades and immunizations as needed, given by the school physician, with your public health nurse planning for and assisting with these activities; vision and hearing testing of the students, with the nurse retesting those with a possible sensory loss; and tuberculin tests given to twenty eight school enterers and personnel by your nurse.

All completed immunizations are summarized as follows:

Table 1

Type of Immunization	Number of Children Immunized
Oral Polio	34
Diphtheria-Tetanus	30
Smallpox	16

Your public health nurse wishes to thank the interested citizens of the town for assisting her in the planning and implementing of the health activities of the year. She wishes also to thank the Town and school officials with whom she worked for their assistance and cooperation.

Respectfully submitted,

CONSTANCE ALLEN, R. N.

Public Health Nurse

AUDITOR'S REPORT

TO THE INHABITANTS OF THE TOWN OF TROY:

In accordance with Chapter 90-A, Revised Statutes of 1954, and at the request of the town, this office, represented by George W. W. Shean, has made an examination of the accounts and records of the town officials for the year ended February 28, 1969 and of the revenue received and disbursements made for the municipal year then ended.

Our examination was made along the procedures set forth by the State Department of Audit and those recommended by the National Committee on Governmental Accounting. In our opinion the accompanying balance sheet and related statement of disbursements and receipts fairly present the position of the Town of Troy as of February 28, 1969.

This is to certify that this report is a true copy of the certified copy that is being mailed to the State Department of Audit as required under law, Section 145, Public Laws of 1954, and we hereby declare that this original and a copy are rendered to the Town of Troy.

Respectfully submitted,

George W. W. Shean

Municipal Auditor

TOWN CLERK:

The Town Clerk's records that were related to our audit were carefully reviewed and found to have been well kept, complete and in agreement with the records of other town officials.

The minutes of the annual town meeting were properly reviewed and recorded. It was noted that the oaths of office for the various town officials were properly recorded.

The collection of dog taxes appeared to have been handled properly and all money so collected promptly forwarded to the State Treasurer.

The oaths of office of the various town officials were recorded as required by law.

TOWN TREASURER:

The cash book, check book and other records maintained by the Treasurer were carefully examined and found correct.

It was noted that money receipted for had been properly recorded and promptly deposited.

All disbursements had been made by check and the checking account had been reconciled each month with the bank statements. All payments had been correctly authorized by Assessors' Warrants.

TAX COLLECTOR:

The tax collector received a commitment of \$33,676.-.12 plus 8 supplemental taxes of \$24.00. This was ac-

counted for by cash to the Treasurer of \$33,287.20, abatements were granted in the amount of \$8.64 and there were liens placed in the amount of \$341.44; thus leaving 1968 uncollected taxes of \$62.84.

Prior years taxes that were collected during the year were carefully checked and it was found that proper credits had been posted. A list of all unpaid taxes will be found as part of Schedule 2 of this audit.

ASSESSORS, SELECTMEN AND GENERAL:

The Assessor's 1968 Municipal Valuation book was examined and found to have been correctly handled. The method of describing the property taxed appeared to be proper and adequate. The Valuation Book had been properly signed by all Assessors.

A summary of the Assessors' Report will be found as part of Exhibit C of this audit report.

The books and records of the Town Manager were used as the basis of our audit. All of these records were found in good order and clearly set forth the financial transactions of the Town of Troy for the municipal year ending February 28, 1969.

We wish to thank the town officials for assisting us in the preparation of this audit.

Maine State Highway Commission

Augusta, Maine 04330

December 4, 1969

Mr. Constantine Minkevich, Chairman
Board of Selectmen of Troy
Toy, Maine 04987

Dear Sir:

Reference is made to the Town of Troy's snow contract for this ensuing winter season of 1969-70 which has been recently returned to your town. Mr. J. Henry Foley, the Division Engineer of our Rockland Division Office, has requested that this office furnish you with the necessary detailed information to explain the reimbursement arrangement for this year as it pertains to the Town of Troy.

Reference is made to M.R.S.A., Title 23, Section 1005 (amended), which in part states that towns having valuation of more than \$500,000.00 which clear State Aid Highways and town ways to the satisfaction of the Commission shall be reimbursed to the extent of \$65.00 per mile on the aforesaid ways, provided that these miles have been included on the accepted snow mile agreement signed each year by the municipal officers and a representative of the Commission.

As you know, the Town of Troy's valuation is presently valued at \$730,000.00, which is why reimbursement to the Town of Troy will be limited to a maximum of \$65.00 per mile in lieu of the prior arrangement whereby the State covered all winter maintenance

costs except the \$35.00 per mile charge to the town. This \$65.00 per mile reimbursement would be applied to the Town of Troy during the 1968-69 winter season except that special legislation was introduced for the extending of the old valuation for one additional year.

I trust that this explains the situation as it now stands. If additional information is necessary, please advise either this office or our Rockland Division Office.

Very truly yours,

Maine State Highway Commission

Martin C. Rissel
